8. Alarm Tone(s)

MED-E-LERT has 3 different alarm tones and also silence to accommodate different hearing levels. Symbols A, B, and C on the display indicate the selected alarm tone, if it be selected with "silence" then neither A nor B or C appears on the display. To change the alarm tone, first hold down button 3 and then, at same time press and hold down button 2 to choose the next alarm tone. Continue to hold button 8 and press button 1 to listen to and select the different tones.

9. Testing

MED-E-LERT has a built-in function to test the device. To enter the test mode, press button 2 for about 5 seconds, the CH should appear on the display. To exit test mode, press button 3.

CH Test Mode - When the display shows CH, pill box is ready to be tested. To perform a system function test, press button 1. The unit will proceed through the following system test modes:

- CH 1 Display Test
- CH 3 Alarm Signal Test

10. How to Lock and unlock Med-E-Lert

Insert key and turn to left 1/4 turn lock, insert key and turn to right 1/4 turn to unlock.

11. How to Stop Alarm

To stop the alarm and dispense the pills, pick up Med-E-Lert and tilt over, dumping the pills into the hand or a suitable container.

12. Low Battery Alert & Standby Wakeup

When the Low Battery Indicator (as picture) appears on the LCD, the batteries are low and need replacing.

To save power, Med-E-Lert will stand by and shut display if no operation in several minutes. To wake it up, fill it up or press the button 3.

1-800-377-8033
9299 W. Olive Ave. #604
Peoria, AZ 85345
1. Insert the batteries
2. How to open

Insert the batteries (4 - AA) into the battery compartment correctly.

Press gently with thumb on front tab of Med-E-Lert as shown.

3. How to clean the tray

Clean only with damp cloth or sponge.

4. Loading the Med-E-Lert Dispenser

5. 12/24-Hour Time Formats

MED-E-LERT automatically defaults to a 24-hour time format. To switch to a 12-hour format, press buttons 2 and 3 simultaneously. The AM or PM symbol will appear on the right side of the display when the clock is in the 12-hour time format. Release the buttons when the desired time format is displayed.

6. Setting the clock

(buton 1 - left; button 2 - middle; button 3 - right)

1. Press and hold button 1 for a few seconds (until the symbol * blinks) and then release.

2. Set the correct time by pressing button 2 (hours) and button 3 (minutes).

3. Store clock time by pressing button 1.

7. Setting and Checking the Alarm Times

1. Press button 1 and then release. The alarm symbol will begin to blink. To set alarm time 1, press buttons 2 (hours) and 3 (minutes). If you want to cancel the alarm, press button 2 until it is displayed, which occurs after 23:00 or 11:00 p.m.

2. Aftar you have programmed the correct alarm time, press button 1 again to store the alarm time and to advance to the next Alarm setting.

3. The Alarm 2 symbol will blink. To set alarm time 2, use buttons 2 & 3.

4. Continue as above to set Alarm setting 3, 4, 5, and 6.

5. End by pressing button 1 until the Alarm symbols cease to blink.

If buttons 2 or 3 are depressed, time display progresses automatically. If you set the display continues to blink in the setting mode, it will automatically return to normal function after one minute.
