

## RESTORATIVE SKIN BALM

### ADVANCED THERAPY FOR SEVERELY DRY, CRACKED SKIN

Petrolatum-free, nourishing salve coats and softens severely dry, rough and chapped skin. Traps moisture to help protect sensitive skin from environmental aggressors.

#### OUR EXCLUSIVE TRI-RESCUE COMPLEX™

A biocompatible TRI-RESCUE COMPLEX—an exclusive blend of turmeric, alpha-bisabolol and reishi mushroom—provides superior anti-inflammatory, anti-histamine and antioxidant benefits to skin.

#### OTHER KEY INGREDIENTS

100% natural content with 15% organic ingredients.

- + Calendula, Sea Buckthorn Oil, Arnica—a powerful trio of plant ingredients all known for their healing, immune boosting, antiseptic, anti-inflammatory and skin-regenerating properties.
- + Carnuba + Bee's Wax—safeguards the moisture barrier.
- + Vitamin E—powerful, proven antioxidant aids in wound healing.
- + Color derived from sea buckthorn.

#### SAFETY FIRST

- + 100% free of synthetic fragrance & dyes, parabens, formaldehyde, 1,4-dioxane, phthalates, mineral oil/petrolatum, silicones, propylene glycol, SLS/SLES, PEG/PPG, triclosan, disodium, EDTA, hydroquinone, talc and MEA-TEA-DEA.
- + Toxicologist-screened for carcinogens, xenoestrogens and other potentially harmful ingredients; dermatologist-tested and clinically proven to add moisture and reduce skin redness.
- + A stable preservative system approved by the world's most recognized global natural/organic standards board guarantees appropriate shelf-life without taxing the environment.

#### RECOMMENDED FOR

- |                                  |                                       |
|----------------------------------|---------------------------------------|
| + Lips                           | + Scrapes                             |
| + Cuticles                       | + Abrasions                           |
| + Elbows                         | + Chafing                             |
| + Heels                          | + Diaper rash                         |
| + Irritation from breast feeding | + IV areas                            |
| + Eczema                         | + New scars                           |
