Weather Chaps

The ultimate lap and lower body protection. Now your legs, feet, and waist will stay warm and dry. Removable fleece lining provides extra warmth and easy cleaning. Cover slips over your shoes and/or footrests (pocket), covering your legs like a blanket (width) and fastens around your waist or chair to stay in place. No buckling to avoid sitting on bunched material. 300-yard reflective tape for visibility.

100% Made in the U.S.A.

Weather Chaps

Weather Chaps protect your lower body from the rain and cold. Slip your feet into the bottom pocket, pull the Weather Chaps over your lap and legs ... and wet feet are a thing of the past! They keep you drier than a poncho because they fit snugly around your lower body instead of draping over it.

Weather Chaps are made from high quality durable nylon with a urethane coating for moisture resistance and durability. Fleece lining is easily removed and reattached to provide extra warmth. Waist buckle can be secured around your waist, or entirely around the vehicle for easy on/off without leaving your seat!
